OUR VISION

TAKTOPIA works with public and private schools (and local/ national governments on occasion) in Japan to create an educational environment that nurtures opportunity for students and increases the capacity of teachers.

We run and teach at overseas & within-Japan camps, help design school curriculum, and partner with different organizations and individuals to bring diverse educational offerings. TAKTOPIA was founded running entrepreneurship camps, but we have since designed art programs, project-based learning programs, English education programs, among others.

GROWTH IN JAPAN

TAKTOPIA works to reach into places in Japan where access to overseas programs have previously been limited. We aim to increase our presence throughout the country, and to respond to the needs of each locality.

OUR PROGRAMS

TAKTOPIA's core vision started from entrepreneurship education: to empower students to take initiative and ownership over their own learning and articulating their values. Through the course of TAKTOPIA, Learning Designers have expanded to include English and Art education in our programs - we believe that education is a lens to which students can see their worlds differently and imagine new possibilities.

CALL FOR ACTION

For students to be exposed to new ideas and nurture inquisitive spirits, we believe in creating a sustained environment of educationally engaged people who are willing to build meaningful relationships - both momentary and lasting - with students. Let us know if you'd like to be involved!

Be a speaker

We invite and work with entrepreneurs, researchers, and creators of all trades who can share their stories and life paths to our students.

Run a workshop

For those who want to be more involved in the process of creating an educational workshop with TAKTOPIA, Learning Designers work to fit the workshop depending on the school's specifications and needs.

Be a mentor

Current university students, recent graduates, and graduate students are a vital part of our programs. As role models, mentors are involved in running panel sessions, campus tours, and individual/group mentoring sessions during our programs.

Collaborate with TAKTOPIA

TAKTOPIA works with educational organizations both in and out of Japan to nurture a network that share common ideals.
